products

- **Features:**
  - Microfine fillers
  - Multi-sized new generation cleaners
  - Non-silicone, non-wax.
- **Benefits:**
  - Ideal for all finishes and paint types. Leaves no swirls.
  - Removes fine to medium scratches, oxidation, and most swirl marks
  - High gloss finish
- **Use for:**
  - Precleaning surface before applying final wax protection
  - Machine or hand application
  - Creating an attractive gloss
- **How to use:**
  - Consult SDS for complete safety information before using.
  - Ensure surface is cool to the touch
  - Using an applicator pad, apply a small amount of product directly on the painted surface.
  - While the product is wet, buff a 2' x 2' area with a high speed buffer and a cutting pad. Keep the pad flat on the painted surface and buff until product dry
- Apply wax or paint sealant to protect the restored finish
