products

- **Features:**
 - Super hydrophobic water beading Nano technology
 - Prevents interior fogging on windows and mirrors
 - Powerful polymer blend to waterproof any glass surface
- **Benefits:**
 - Superior visibility and improved safety
 - Enhanced foul weather protection makes driving easier and safer
 - Water, snow, ice, and bugs removal is made much easier.
- **Use for:**
 - New car prep for enhanced CSI
 - Warranted protection programs
 - Value added services
- **How to use:**
 - **READ AND UNDERSTAND THE SDS** (Safety Data Sheet) **BEFORE USING**
 - Thoroughly clean the surface before applying coating.
 - Ensure surface is cool to the touch and out of direct sunlight. Best results with glass temperature about 50° F
 - Using the applicator pad, apply a small amount of product to the applicator
 - Work the coating into the surface using a up and down hand motion overlapping each pass.
 - Wipe well with a clean microfiber cloth
 - Dries to touch almost immediately. For ultimate protection, do not use wipers for 6 hours.
