

**BE GREAT! . . . . BE DISTINCTIVE!**

# 4017 ORANGE SCRUB

## PRODUCT INFORMATION SHEET

**Description:** The power of **ORANGE SCRUB**'s volcanic pumice and d'limonene gets into cracks and crevices adding to the fast cleaning action. With continuous use, **ORANGE SCRUB** helps even the roughest hands feel soft, smooth, and clean. **ORANGE SCRUB** attacks hand soil odors neutralizing these odors. **ORANGE SCRUB** can be used with or without water. It rinses off easily and leaves no residue. This is a solvent-free formulation with skin conditioners.

▪ **Features:**

- Finely ground pumice grit and d'limonene
- Contains skin conditioners and PCMX
- Environmentally friendly

▪ **Benefits:**

- Tough on industrial soils yet gentle to the hands
- Conditions as it cleans and kills > 99% of many microorganisms
- Biodegradable and solvent free

▪ **Use for:**

- Heavy duty hand cleaning
- Removes oil, grease, and tar based soils
- For stubborn stains where ordinary soaps don't work

▪ **How to use:**

- Consult MSDS for complete safety information before using
- Apply a small amount of **ORANGE SCRUB** to dry hands.
- Rub briskly until completely liquefied.
- Wipe hands with paper towel or clean cloth or rinse with water and dry.

▪ **Tech Tip:**

- **ORANGE SCRUB** is designed to quickly and safely remove stubborn soils with or without water.
