NEW PRODUCT FEATURES

CUT BOSS™
PRODUCT #3220

- Dynamic Compound that cuts to a 6 and glosses to a 4
- Use less product & cover more surface area with this water-based formulation
- Adjust the cut by changing the pad
- Body Shop Safe & VOC Compliant

TOP GLOSS™
PRODUCT #3225

- Finishing Polish that cuts to a 4 and glosses to a 6
- Use less product & cover more surface area with this water-based formulation
- Great 1-step on light scratches
- Body Shop Safe & VOC Compliant

SHOP BUDDY™
PRODUCT #90145

- Fast drying, multi-purpose part and tool cleaner
- Non-chlorinated, recyclable with waste oil
- Dissolves and removes grease, oil, and other contaminants

EXTERIOR PREP SPRAY
PRODUCT #3241

- Updated formula that cleanses the painted surface of any contaminants prior to installing a coating or applying a wax
- Removes dirt, dust & polish residues
- Easy spray application

LEATHER CLEANER
PRODUCT #4005

- The new **gold standard** for leather cleaning that's safe & effective
- Preserves original softness & feel
- Easily removes dirt & stains

THE LOOPED LEGEND™
PRODUCT #83575

- Super thirsty premium drying towel
- Double layer twisted loop design with 1200GSM
- Jumbo 36" x 24" Size

PREMIUM PAINT CERAMIC COATING KIT

PRODUCT #32401

- A true ceramic coating that chemically bonds to the painted surface for years of protection
- Chemically insoluble after 12 hours
- Self-cleaning, non-stick protective barrier creates an immense amount of surface tension to keep the painted surface looking its best

INSTANT HERO™

PRODUCT #3513

- Exclusive blend of polymer technology combined with SiO_2 that allows the molecules to bond to the painted surface
- Creates a durable hydrophobic finish
- Extreme gloss and slickness
- Can be used on cars with a coating to increase longevity or cars without a coating to add an extra layer of protection

FUTURA™

PRODUCT #90150

- Improved fragrance is a pleasure to use, leaving your surfaces smelling fresh & clean
- Inverted sprayer allows for right-side up & upside-down spraying
- Spot treats fabric, carpet & upholstery
- Thick foam lifts dirt, oil & grime without wetting the surface

NEW PRODUCT FEATURES

CERAMIC 5000
PAINT COATING

DISTINCTIVE DETAILS

- ✓ Ultra High Gloss
- ✓ Easy Application
- ✓ Super Hydrophobic

2 FL OZ (60 mL)

ALL ABOUT CERAMICS

Not all ceramic products are created equal. Our professional ceramic kits contain a hybrid blend of polysilazanes that cross-link and chemically bond to the surface, which provides wear resistance and a non-stick protective barrier that creates an immense amount of surface tension & protection to keep the surface looking its best for years.

- Easy Application
- Durable for Years
- Hydrophobic
- Increases Gloss
- Fully Cures in 12 Hours
- VOC Exempt
- Chemically Insoluble Once Fully Cured

TECH TIP:

When using ceramics, it's important the car is properly prepped before sealing the surface, so as to not seal in any imperfections.

CERAMIC PAINT KIT

PRODUCT #32401

CERAMIC LEATHER KIT

PRODUCT #32421

CERAMIC TRIM KIT

PRODUCT #32431

CERAMIC GLASS KIT

PRODUCT #32441

WATCH HOW TO USE
THE CERAMIC KIT

A close-up, artistic photograph of a car's wheel hub and spokes. The wheel is dark, possibly black or dark grey, with a prominent red center cap. The lighting is dramatic, with strong highlights and deep shadows, creating a sense of depth and texture. The background is dark and out of focus.

THE QUICK AND DIRTY

GETTING YOUR CAR CLEAN IN **5 STEPS** WITH DISTINCTIVE DETAILS® PRODUCTS

STEP 01

WHEELS & TIRES

Although we typically like to wash from high to low, the one exception are the wheels & tires. Once the wheels are cool to the touch, we start our wash here because they are typically the dirtiest part of the vehicle and we don't want any splashing dirt & brake dust back onto a freshly washed car.

We carry all the products to make your tires look their best. Remember to keep your accessories separate so the tire accessories don't get cross-contaminated with your paint accessories!

FEATURED PRODUCTS

BEST SELLER

WIRE WHEEL CLEANER

PRODUCT #2031

Cleans & brightens in one easy step

STEP 02

WASH

Distinctive Details® has highly concentrated soaps, as well as wash & waxes formulated to lift and remove dirt and leave your car film-free. Due to these very concentrated formulas, our customers enjoy a low cost per use. Remember, using a dishwashing soap or detergent that hasn't been formulated for cars can strip the wax and promote surface oxidation, leading to a loss of gloss and shine!

FEATURED PRODUCTS

BEST SELLER

WASH 'N WAX

PRODUCT #1002

Produces a 'like new'
car shine

SUPER SUDS

PRODUCT #100

Spot-free rinsing

CHERRY HI SUDS

GOLD WASH MITT

PRODUCT #80040

**CHENILLE
WASH MITT**

PRODUCT #80042

GRIT GUARD

PRODUCT #80050

NEW!

**THE LOOPED
LEGEND™,
PREMIUM
DRYING TOWEL**

PRODUCT #83575

TECH TIP:

Dispense your car wash of choice into a clean empty bucket and activate with a strong stream of water to create mountains of suds. Wash the car using just the suds. When the suds flatten out, activate with a strong stream of water again. Using just the suds keeps your mitt cleaner and from getting too heavy with water and contaminants.

STEP 04

COMPOUND • POLISH • PROTECT

This step will help get you that deep gloss and brilliant shine you're looking for. COMPOUNDING is the initial step that helps to remove the microscopic hills and valleys in the clear-coat. POLISHING then helps to create that ultimate high-gloss shine by refining any small scratches and webbing in the clear coat. Finally, PROTECTING helps to preserve the paint finish from the elements and locks in that layer of brilliant shine! Our newest technology helps to take the guesswork out of this step and always delivers a consistent end-result. Whether Ferrari or Ford, this technology has become well-loved in all detailing circles.

COMPOUND

FEATURED PRODUCTS

BEST SELLER

CUT BOSS™ PRODUCT #3220
